

Extract of Penny Foster's OT Report

PAST COSTS

Manual Wheelchair	£1200.00 (Purchased on 1 September 2019)
Commode Toilet	£215 (Purchased on 1 December 2019)

FUTURE COSTS

Equipment	Capital	Annual
Quickie Xenon 2 SA (Until age of 63) This is a highly configurable manual wheelchair. £2,615.00 Replacement Costs – 5 years	£2,615.00	£523.00
Insurance		£79.00
Maintenance		£120.00
Wheelchair cushion £55.00 Replacement Costs – 3 years	£55.00	£18.33
Powered Wheelchair I am of the view that at the stage where transferring becomes more problematic, having access to a powered wheelchair with a riser facility will assist her. Likewise, it will aid independence around the home and outdoors. I am of the view this wheelchair it will be necessary for Miss Foster to have access to this wheelchair from the age of 63 years.		
Sunrise Quickie Q500 M This is a configurable mid-wheel drive powered wheelchair with a range of seating and powered options. I am of the view the seat riser facility is integrated to assist with transfers and function. £7,500.00 Repeat Costs – 5 years	£7,500.00	£1,500.00
Maintenance and Repairs	£0.00	£150.00

Charging per annum	£0.00	£91.25
Insurance	£0.00	£87.00
Tilting Armchair This has a tilt in space facility and a drop-down arm support to aid transfers to and from a wheelchair. I envisage this will be needed from around the age of 70 years when transfers become more challenging.	£2,500.00	£312.50
Transfer Board As transfers become more difficult for Miss Foster, she may need to use a transfer board. The easyglide can be used between surfaces of different heights. £71.60 Repeat Costs – 5 years	£71.60	£14.32
